Although this book is marked as an intermediate level, phrasal verbs is an advanced subject for ESL students. Although this book is marked as an intermediate level, phrasal verbs is an advanced subject for ESL students. Most ESL students are not familiar with the concept of phrasal verbs, let alone to use them in the right context. Having this book around really has helped me to improve my English. This book is divided into 70 units and it covers approximately 1000 phrasal verbs. There is one exercise page for each unit that helps students to remember the phrasal verbs learnt, and answer key for each exercise is also provided. However, the number of the exercises can easily overwhelm ESL students. It will take a lot more time to finish this book if the students have to do all the exercises. In addition to that, these exercises are better used as a way to practice using phrasal verbs in the right context than a way of remembering them, as the time will always make the students forget them if they don't use the phrasal verbs often enough. The first five chapters in this book teach the basic of phrasal verbs, which are strongly recommended to be finished first before continuing to the remaining chapters. The rest of the chapters teach a great deal of phrasal verbs in different topics. However, there are many specific British or American phrasal verbs that are not marked as such that can mislead the students. There are also more British phrasal verbs than American phrasal verbs, which for me is a drawback as I'm more interested in learning American English. A good point of this book that is worth mentioning is there are many good tips and follow-ups for learning phrasal verbs. There is also a mini dictionary in the last few pages of the book. Even so, students are still advised to use a phrasal verb dictionary when learning with this book. (Consider what I said in previous paragraph about specific region's phrasal verbs. Students can always spot this, after looking up the words in the dictionary). Overall, this book is a good addition reference to ESL students. Every serious ESL student should consider reading one. ...more Hnin Myat rated it it was amazing Mar 06, 2019 Bashar rated it liked it Oct 31, 2017 DeN rated it liked it Oct 19, 2017 Angela rated it really liked it Apr 06, 2015 Woniu rated it it was amazing May 14, 2019 Subhajit Das rated it really liked it Nov 30, 2019 Rgzar Omed rated it it was amazing Apr 20, 2014 SaM H. rated it it was amazing Aug 27, 2019 Sajad rated it liked it Jul 16, 2021 Anyu Oranescu rated it really liked it Sep 02, 2020 Zhandault rated it it was amazing Apr 07, 2017 Alex375 rated it it was amazing Dec 30, 2016 Hugo Sarmiento rated it did not like it Jan 31, 2019 Tanvir Ahmed rated it it was amazing Jan 11, 2019 Stock Image Michael McCarthy, Felicity O'Dell Published by Cambridge University Press, United Kingdom (2017) ISBN 10: 1316628159 ISBN 13: 9781316628157 New Paperback Quantity: 10 Book Description Paperback.
